

⑤ Waste Burial Facilities, Waste Management Facilities

Facility		Low-level radioactive solid waste (number of drums)			Total (equivalent to the number of drums)	Storage equipment capacity (equivalent to the number of drums)
		Drums	Asphalt- solidified waste	Other types (equivalent to the number of drums)		
Japan Nuclear Fuel Ltd. Enrichment and Burial Plant (Waste burial facility)	Amount in storage at the end of FY2000	0	-	0	0	80
	Amount generated in FY2001	0	-	0	0	
	Amount reduced in FY 2001	0	-	0	0	
	Amount of storage at the end of FY2001	0	-	0	0	
Japan Nuclear Fuel Ltd. Reprocessing Plant (Waste management facility)	Amount in storage at the end of FY2000	352	-	28	380	1,200
	Amount generated in FY2001	36	-	0	36	
	Amount reduced in FY 2001	0	-	0	0	
	Amount of storage at the end of FY2001	388	-	28	416

*1 There is no storage facility for solid and liquid radioactive waste.

*2 The numbers in parentheses indicate the amount generated at the facility, and are included in the total amount shown. The numbers on the bottom are the total amount of waste managed at the management facility.
