

④ Reprocessing Facilities

Facility		Low-level radioactive solid waste (number of drums)				Total (equivalent to the number of drums)
		Drums	Asphalt- solidified waste	Plastic-solidified waste	Other types (equivalent to the number of drums)	
Japan Nuclear Cycle Development Institute Tokai Works (Reprocessing facility)	Amount in storage at the end of FY2002	32,257	29,967	1,732	10,341	74,297
	Amount generated in FY2003	402	0	28	452	882
	Amount reduced in FY 2003	920	0	0	0	920
	Amount of storage at the end of FY2003	31,739	29,967	1,760	10,793	74,259
Japan Nuclear Fuel Ltd. Reprocessing plant (Reprocessing facility)	Amount in storage at the end of FY2002	920	-	-	2,384	3,304
	Amount generated in FY2003	556	-	-	3,368	3,924
	Amount reduced in FY 2003	0	-	-	0	0
	Amount of storage at the end of FY2003	1,476	-	-	5,752	7,228

(cont.)

Facility		Storage equipment capacity (equivalent to the number of drums)
Japan Nuclear Cycle Development Institute Tokai Works (Reprocessing facility)	Amount in storage at the end of FY2002	92,140
	Amount generated in FY2003	
	Amount reduced in FY 2003	
	Amount of storage at the end of FY2003	
Japan Nuclear Fuel Ltd. Reprocessing Plant (Reprocessing facility)	Amount in storage at the end of FY2002	*1 11,350
	Amount generated in FY2003	
	Amount reduced in FY 2003	
	Amount of storage at the end of FY2003	

Facility		High-level radioactive solid waste (equivalent to the number of drums)			Total (equivalent to the number of drums)	Storage equipment capacity (equivalent to the number of drums)
		sheared and covering pieces	Spent filters, etc.	Sampling jars, etc.		
Japan Nuclear Cycle Development Institute Tokai Works (Reprocessing facility)	Amount generated in FY2003	99	9	39	147	10,320
	Amount reduced in FY 2003	0	0	0	0	
	Amount of storage at the end of FY2003	4,403	289	1,225	5,917	
Japan Nuclear Fuel Ltd. Reprocessing Plant (Reprocessing facility)	Amount generated in FY2003	-	-	-	-	-
	Amount reduced in FY 2003	-	-	-	-	-
	Amount of storage at the end of FY2003	-	-	-	-	-

Facility		*2 vitrified waste (number of containers)	Low-level radioactive liquid waste (m ³)			High-level radioactive liquid waste (m ³)
			Low-level radioactive liquid waste	Sludge	Solvent waste	
Japan Nuclear Cycle Development Institute Tokai Works (Reprocessing facility)	Amount generated in FY2003	0	*3 159	2	*4 6	26
	Amount reduced in FY 2003	0	0	0	0	32
	Amount of storage at the end of FY2003	130	2,042	1,107	86	425
Japan Nuclear Fuel Ltd. Reprocessing Plant (Reprocessing facility)	Amount generated in FY2003	-	-	-	-	-
	Amount reduced in FY 2003	-	-	-	-	-
	Amount of storage at the end of FY2003	-	-	-	-	-

*1 The storage capacity includes the capacity of the spent resin storage tank (roughly three 190 m³/unit), equivalent to 2,850 drums.

*2 The number of 120-liter containers.

*3 This includes the line cleaning water, etc.

*4 This includes the dew drop aqua.
