*4: Values were under evaluation by the licensee due to the effects of the Great East Japan Earthquake.

On April 26, 2013, the results for Fukushima Daiichi Nuclear Power Station were reported, and revised on July 5, 2013, May 15, 2014, April 17, 2015, and June 30, 2016. However, the values for FY2014 were revised only on June 30, 2016.

The results for Fukushima Daini Nuclear Power Station were reported on January 18, 2013.
